

## Montreal Students' Chapter (MSC – CTRF)

# Call for Presentation

MSC – CTRF Conference 2018

*“Sustainable Transportation for Canada”*

**March 29, 2018**

**Concordia University, Montreal, Canada**

*The Montreal Students' Chapter-Canadian Transportation Research Forum (MSC-CTRF) will be organizing a day-long conference. The theme of the conference is “Sustainable Transportation for Canada”. The conference will focus on the broader aspects of sustainable transportation in design, construction, and planning of transit infrastructures. The conference will consist of presentations from academia as well as private and public sectors. Companies, faculty members, and students can share their works on sustainable transportation issues. Keynote speakers from academia and industry will talk about potential research topics and practical implementations of sustainable transportation. The conference committee is inviting abstracts for the presentations and posters.*
